
LEAH NELSON
SCHOOL PSYCHOLOGIST

PROFESSIONAL OBJECTIVE:

Work as part of a team with the students, families, and faculty at Red Pump to help students grow academically, socially, and emotionally. I love helping children develop skills to excel to their fullest potentials.

CURRENT ROLES & RESPONSIBILITIES

Our School Psychologist works to support all students in our building. The psychologists' roll is to conduct psychological assessments, provide counseling services, participate in team meetings, provide consultation to staff and work with outside providers to help students develop into life-long learners and prepare them for the academic challenges ahead.

ABOUT ME:

I was born and raised in Harford County and I attended North Bend Elementary School, North Harford Middle School, and Harford Technical High School. I received a B.S. in Psychology from the Stevenson University. I then received my M.A. and Certificate of Advanced Graduate Study in School Psychology from George Mason University in Fairfax, Virginia. I lived in NC and worked as a School Psychologist for two years before returning to my hometown. In my spare time, I like doing all kinds of outdoor activities - some of my favorites include hiking, jogging, and spending time on the beach. I also enjoy reading and spending time with family, friends, and two dogs.

I love being a part of the Red Pump family, and I can't wait to see what this year has in store!
